District 6780 Vocational Service Committee

Individual Skills Assessment

“The sum is greater than the parts,
but what are the parts?”

District 6780 Vocational Service Committee

Our Situation:

Our District, with 3,400 members, has a wealth of unidentified talent. Properly employed, our Rotarians can make us only stronger.

District 6780 Vocational Service Committee

The Committee's Mission:

The vocational service committee conducts an individual skills assessment to identify subject matter experts at the club level by August 31, 2011.

District 6780 Vocational Service Committee

How we get there?

The committee will release an online survey to capture the information. The club president is key to our success. With your help, our goal is an 80% participation rate. With the skills data base, clubs can quickly identify a qualified pool of volunteers for an enormous number of opportunities.

District 6780 Vocational Service Committee
